PROFESSIONAL EXPERIENCE

InsuranceDekho
Gurugram, India

Software Engineer
Jun 2024 — Present

- Engineered a scalable SaaS web application supporting 3 dashboards, integrating **JWT-based ABAC, SSR, SEO optimization, and client-side caching** using React Query and Next.js.
- Developed **20+ reusable UI components** inspired by ShadCN, establishing a consistent and scalable design system across applications.
- Integrated **analytics and event tracking via Google Analytics**, enabling product teams to monitor usage patterns, prioritize features, and improve user engagement.

Internship
Oct 2023 — May 2024

- **Revamped** the B2B sales journey for SME insurance products, creating a seamless user experience, **boosting conversion rates by 22% and reducing drop-off by 35%.**
- **Improved page load speeds by 75%** through optimizations, significantly enhancing the experience across all B2B SME product journeys.
- Prototyped a **buyer-facing insurance platform** using Next.js, integrating **ONDC network APIs** to expand product distribution and streamline policy transactions.

Avanti Fellows
Remote

Code 4 GovTech Contributor
Jun 2024 — Sep 2024

- Developed the **Session Creator** platform using Next.Js and ShadCn UI, enhancing the efficiency of session management for educators, leading to a **50% reduction in both manual errors and operational steps**.
- Set up robust **CI/CD pipelines via GitHub Actions**, automating linting, formatting, and tests to ensure 100% code integrity and deployment reliability.
- Enabled over **1,000 sessions** across multiple regions within two months by streamlining educator workflows.

PROJECTS

Safeher | Mobile App Development
Github Link

Tech Stack: React Native, Expo, Typescript, Web-Sockets, Zustand, Tamagui
Sep 2023 — Oct 2023

- **Led a team of 5** to develop a mobile app enhancing campus safety for women.
- Integrated an SOS system with **real-time location sharing, high-risk area mapping, and support chat system**, reducing response times by 40%.

Devfolio | Front-End Development
Live Link

Tech Stack: Next.js, Typescript, GSAP, Contentful CMS, Lenis, GTag
Jun 2023 — Jul 2023

- Created an **interactive portfolio** website leveraging Next.js, GSAP, and Lenis Scroll to showcase expertise in modern web development and engaging user interfaces.
- Achieved a Google **Page-Speed Insights score of 100** and **ranked #1 on Google** for the keyword **Drishxd** by utilizing Static Site Generation (SSG) and Server-Side Rendering (SSR) with Next.js.
- Utilized **Contentful as a headless CMS** to streamline content management and ensure a smooth workflow.

TECHNICAL SKILLS

Languages: TypeScript, JavaScript, Dart, Python, HTML/CSS, Sass, SQL

Frameworks: React.Js, Next.Js, Vue.Js, React Native/Expo, Flutter, Tailwind CSS, Nest.Js, Express.Js

Libraries: Redux Toolkit, React Hook Forms, Tanstack Query, Zustand, Zod, Jest, Cypress

Database & SAAS: PostgreSQL, MongoDB, Redis, SQLite, Firebase, Supabase

Developer Tools: Git, Docker, Postman, Content Management Systems, VS Code/Cursor, Github Actions

EDUCATION

SRM Institute of Science and Technology
9.41 CGPA

Bachelor of Technology in Computer Science and Engineering
Sep 2020 — Jun 2024

ACHIEVEMENTS & POSITIONS

- Led technical initiatives as **Technical Lead of GeeksForGeeks SRMIST Chapter**, organizing a 24-hour hackathon and mentoring peers to improve skills.
- Achieved **1st place** in the Institute-level round of **Smart India Hackathon 2023** organized by AICTE.
- Won Institute-level **Solving for India Hackathon 2023**, organized by Google Cloud, AMD, and GeeksForGeeks.
